Pengaruh Pelatihan Penerapan Standar Operasional Prosedur (SOP) Pemasangan Infus terhadap Pengetahuan Perawat di Rumah Sakit Umum Daerah Dr. H. Abdul Moeloek Provinsi Lampung

xiii + 41 halaman + 8 tabel + 2 skema + 5 lampiran

Abstrak

Standar Operasional Prosedur (SOP) merupakan pedoman suatu kegiatan dapat diselesaikan secara efektif dan efisien untuk mempertahankan tingkat penampilan atau kondisi tertentu yang dapat diterima oleh seorang yang berwenang atau yang bertanggung jawab. Tujuan penelitian ini untuk mengetahui pengaruh pelatihan penerapan standar operasional prosedur pemasangan infus terhadap pengetahuan perawat di Rumah Sakit Umum Daerah Dr. H. Abdul Moeloek Provinsi Lampung. Metode penelitian ini menggunakan deskriptif korelasi dengan pendekatan *cross sectional* dan bentuk rancangan *pre* dan *post*. Populasi dalam penelitian ini adalah 360 perawat. Teknik sampling yang digunakan adalah *consecutive* dengan jumlah sampel sebanyak 50 orang. Analisis data menggunakan uji *paired t-test*. Hasil penelitian menunjukkan bahwa pengetahuan sebelum diberikan pelatihan penerapan standar operasional prosedur pemasangan infus sebagian besar adalah baik yaitu sebanyak 46 orang (92%) dan yang memiliki pengetahuan sedang sebanyak 4 orang (8%). Pengetahuan sesudah diberikan pelatihan penerapan standar operasional prosedur pemasangan infus dari 50 responden secara keseluruhan memiliki pengetahuan baik itu berarti bahwa pelatihan penerapan standar operasional prosedur (SOP) pemasangan infus berpengaruh pada pengetahuan perawat di Rumah Sakit Umum Daerah Dr. H. Abdul Moeloek Provinsi Lampung. Ada pengaruh pelatihan penerapan standar operasional prosedur (SOP) pemasangan infus terhadap pengetahuan perawat di Rumah Sakit Umum Daerah Dr. H. Abdul Moeloek Provinsi Lampung nilai signifikan atau nilai $p < 0,000$ ($< 0,05$). Dari hasil analisis dapat disimpulkan bahwa pengetahuan perawat dalam melakukan pemasangan infus sesuai dengan standar operasional prosedur (SOP) dipengaruhi oleh pelatihan penerapan standar operasional prosedur (SOP) pemasangan infus. Diharapkan perawat dapat melakukan standar operasional prosedur (SOP) pemasangan infus.
