Thank you for your email, Mr. Sajidin. For our slot, we suggest 1 or 2 articles at most to be included in our section. This is to avoid long queue of submission process, and it can make the review process run optimally. For APC, Jeess has already stated in the website that it costs IDR 750.000,-.

Dear Editor,

We have received abstracts of articles. We are curious to know how many articles can be published by JEES and how much we have to pay as an additional fee. We would like to select the quality articles relevant to the JEES vision.

Thank you anyway.
