Dear Dr. Stalis N. Ethica

This is a message of confirmation regarding the reception of your manuscript **Exploration of Bacteria Isolated from Rusip Fermented Tissue of Sand Sea Cucumber Holothuria scabra with Fibrinolytic, Anticoagulant and Antiplatelet Activities**, submitted to our journal AACL Bioflux. I will soon contact you with further information regarding your manuscript.

If you can, please recommend 1 or 2 reviewers for your paper. It could go faster that way.

For any questions, please contact me, on this email address.

Please try to keep one message thread (respond/ask with "Reply") for an easier message management.

Thank you for considering our journal.

Best regards,

Tudor Papuc

Dear Tudor Papuc (Bioflux Journal Editor)

Thank you for your fast response!

Would you please kindly wait until tomorrow, I will provide you names of potential reviewers. I am contacting them now. I also wish to re-submit my paper tomorrow if you allow, because there are pictures that we wish to replace with the better ones including the electrophoresis gel drawing, which previously was without a marker. Also there is 1 missing citation, which is mentioned in the text but not available in the list.

Hello,

Your paper is preliminary accepted for publication. Please find attached the preliminary acceptance letter.

After this acceptance you should pay 250 USD for publication (open access).
As the payment and bank transfer may be time consuming you may start the process of payment right now; we will send you the invoice immediately after the payment.
Please let us know when the payment is done (scanned receipt) in order to start the publishing process.

The payment will not be returned in case of withdrawal request by authors or simply lack of feedback.

Please note that the Publishing House Policy does not allow to start the manuscript editing prior payment.

Here are the info for payment;
take care to write correct the details:

Beneficiary: Bioflux SRL
City: Cluj-Napoca
Country: Romania, European Union

SWIFT CODE of the bank: BTRLRO22

Account USD: RO68BTRL01302202L28614XX

Bank: BANCA TRANSILVANIA

Important! When bank transfer is used to pay a publication fee, please pay attention to which modality of payment you chose! There are three options: Ben, Our, Us.

Use always "Us" option (meaning that all the bank transfer costs are in your concern/ authors support them and not the publisher). If you forgot to mention that and you let the bank to set "Ben" or "Our" options, we receive about 232 usd instead of 250 usd. Such payments are not valid and you need to pay again for the rest of the sum and one more transfer charge. This situation is not desirable.

There is a second method of payment, by Paypal, with credit card. Please let me know if you choose this method and I will redirect you to our colleague which is in charge of this procedure.

Let me know if you need more details.

Thank you for publishing with us!

Best regards,

Tudor Papuc

Kita sangat terbuka Bu, apalagi dengan adanya Kampus Merdeka semoga bisa semakin intens membuka kolaborasi LIPI-Universitas. Saat ini saya sedang mengerjakan penelitian tentang sponge, fokusnya ke microbiome sponge (pencarian potensi enzim dari mikroba asosiasi sponge). Barangkali ada mahasiswanya yang tertarik bisa didiskusikan nantinya. Terima kasih

Nggih Pak Hendra, terima kasih banyak, kita coba mencari peluang terkait pendanaan hibah penelitian yang sesuai untuk kolaborasi lagi insyaallah di masa mendatang.

Yang terdekat kami ingin mengadakan International conference terindex web of science bidang kesehatan/ lab biomedis, tapi masih draft web. Saya dapat usulkan ke panitia, bila ada rekan dari institusi Pak Hendra yang sudah S3 dan Scopus index minimal 2 dg penelitian terkait kesehatan untuk menjadi Reviewer/ Invited Speaker di conference tersebut (rencana ada keynote speaker, Invited speaker dan oral presenters).
Tentunya untuk Keynote dan Invited speaker free of charge, dan akan mendapatkan sertifikat kinerja.

Sukses untuk penelitian enzim dari simbion sponge-nya

Terima kasih penawarannya, nanti saya coba komunikasikan ke teman-teman yang mendalami bidang tersebut. Kalau di Lombok kebetulan tidak ada.
Semoga sukses kegiatan konferensinya Bu.

If it would have been a wrong account (which sometimes happens because the forms are not filled out correctly or due to bank errors), our bank would have notified us, because we work constantly with them, and they know if 1-2 characters are incorrect in the account on the transfer order. They ask us if we expect that payment, we say we do, and the bank sends the money back, and we ask the author to make the transfer again.

That is the correct account number (IBAN). (RO68BTRL01302202L28614XX)

We receive all payments by bank transfer in that account, and there were no problems before. We don't have another account for USD payments.

If it still does not work, we can send you a PayPal invoice, so you can pay by credit card (it is the only other option).

Let me know if you can make the payment by bank transfer (maybe there was an error at the bank) or

if we should send you the PayPal invoice.

I think using the same account is not possible (it said unrecognized recipient). So I think better to use credit card please give the other alternative of payment.
