Subject: Decision of Editor-in-Chief JAFEB Decision of Editor-in-Chief JAFEB Re: Article Submission

To: Nur Cahyo <nurcahyo@unimus.ac.id>

Dear Author(s),

Thank you very much for submitting your research article to *Journal of Asian Finance, Economics and Business (JAFEB)*. We have read the paper and we found that the topic is very interesting and the manuscript showcases commendable research integrity. However the editorial board does not believe that the current manuscript meets the standards and submission guidelines of the journal.

Editorial Board's Selection and Revision Invitation Policy (Updated on October 2020): Please note that **Editorial Board of the journal will be very selective**, accepting only the articles on the basis of **scholarly merit, research significance, research integrity and complete compliance with the journal style guidelines (APA)**. The JAFEB Editorial Board respects and promotes all authors and contributors on the basis of research ability and experience **without considering race, ethnicity, nationality, citizenship, financial means, or any of narrow frames of reference**. **From October 2020, all new submissions to the journal are assessed in two stages**. The first hurdle is an editorial screening where we evaluate whether a paper is likely to get through the peer review process or not. If the Desk Editor does not believe that the submission is suitable for the aims and scope, standards, and Editorial Board's selection policy of the journal, then the submission will be rejected at the front stage. Only about 25% of our submissions pass this hurdle. **The submissions we decide to take forward for the peer review process badly need to be well structured, well written, good presentation of English, firmly anchored in existing academic literature, and complete compliance with the journal style guide and template**. Only after careful consideration by Desk Editors based on the editorial grounds, the Desk Editor will selectively send the paper out to external peer reviewers. In particular, the following must be addressed and met the requirements and guidelines: **The same rules will be strictly applied for all new submissions**.

Article Publication Charge (APC): JAFEB is an Open Access journal accessible for free on the Internet. Yet, the print and online publication process does involve costs including those pertaining to setup and maintenance of the publication infrastructure, routine operation of the journal, processing of manuscripts through peer-reviews, editing, publishing, maintaining the scholarly record, and archiving. To cover these costs, the journal depends on **APC also called "Article Publication Charge" (US dollar \$500 or Korean currency 600,000 Won) per article so that APC is mandatory**. There are NO submission charges for JAFEB whether the article is rejected, reviewed, or accepted. **[Important: After the external reviews having completed if the paper gets accepted in favor of publication on the journal then an official invoice of APC will be followed. Based on the invoice the author should make a payment for APC. Before the paper gets accepted for publication, any payments or early payments do NOT count any credits toward its acceptance for possible publication.]**

Checklist of Manuscript and Submission (Very Important Items): In particular, the following must be addressed and met the requirements and guidelines:

1. JAFEB Engagement: If the literature current, relevant, and broad enough to set the context for the research, you should engage with the style and the discussions published in JAFEB. The work in the journal evolved considerably as you can see on [JAFEB Archive](#). To fully contribute to the subject, you will need to engage with

JAFEB. To do so: you should **include at least 3 - 5 relevant references in JAFEB**. Your paper should reflect the cutting edge thinking of relevant literature in JAFEB.

2. JEL Classification Code: Please **provide 3- 5 JEL classification codes**, separated by comma (,)

3. Citation and Reference Style Guides: Authors are expected to **adhere to the guidelines of APA 6th or 7th edition (American Psychological Association)**. Please provide full information of publications complying with the APA citation and reference styles. **Please ensure that every reference cited in the text is also present in the reference list (and vice versa).**

[**Special Note:** (1) Please ensure that every reference cited in the text is also present in the reference list (and vice versa). For this purpose please best use “**Find**” function in MS-Word Documents.

(2) All citations in the text should refer to: **Two authors:** list all authors' surname (family name) only, using “**and**” between two authors and separating with parentheses for the year of publication, for example, **Lee and Nguyen (2020)** in the main text, or everything in parentheses using “**&**” and separating with a comma between the two authors and the year of publication (**Lee & Nguyen, 2020**).

[**Important!** Please translate all references in local languages (i.e. Vietnamese, Indonesian, Malay, Thai, Pakistani, Arabic, Russian, Ukrainian, Chinese) into English (through Google translator or AI translators) according to APA style guide at its best.]
