ABSTRACT

This research "The Influence of E-WOM, Promotions and Lifestyle on Impulse Buying on the Shopee Marketplace" The development of modernization makes the influence of purchasing power and needs change, so that the influence of purchasing decisions by consumers also changes. This research aims to determine the impact of E-WOM (electronic word of mouth), promotions and lifestyle on Impulse Buying on the Shopee Marketplace. The data in this research was obtained by questionnaire using the Slovin Formula Technique. The number of samples used was 100 students who were active at the Faculty of Economics and Management, Muhammadiyah University, Semarang. The approach for this research uses quantitative data with the help of SmartPLS Software.3.

The research results show that E-WOM (Electronic Word of Mouth) has a positive and significant effect on impulse buying behavior on the Shopee marketplace. And further research results show that Promotion also has a positive and significant effect on impulse buying behavior on the Shopee marketplace. Lifestyle research shows that lifestyle has a negative and insignificant effect on impulse buying behavior on the Shopee marketplace.
