CHAPTER V

CONCLUSION AND SUGGESTION

In this chapter, the researcher presents conclusion and gives the suggestion. The conclusion is based on question of problem statement in chapter I, while suggestions intended to give more information to the other researchers who interested in doing similar research.

A. Conclusion

Based on the research finding in chapter IV, the conclusions of this study are based on question of problem statement in chapter I. it can be shown below:

1   The researcher concludes that the Conversational Implicature and violation of Gricean's Maxim that appears in conversation of all characters in the comic "**Popeye**" informal situation are 22 Conversational Implicature. The researcher concludes from data analyzed that the violation consists of Maxim of Quantity are 4 violations, Maxim of Quality are 2 violations, Maxim of Relevant was 14 violations, and Maxim of Manner are 2 violations. The researcher finds from 22 data analyzed there are 4 utterances that violations clash of maxims. From 22 data analyzed, Maxim of Relevance contributes much in created implicature with 14.

2   From 22 data analyzed, the researcher has been explained and described the hidden meaning of all utterance. The researcher can finds the meaning of Implicature all utterance related to context and

situation of utterance occurred. The function of Conversation Implicature in Popeye's Comic are to reject = 5, to deceive = 3, to give allusion = 1, to command = 1, to influence = 2, to force = 1, to give suggestion = 3, to accept = 2 and to request = 1.

B. Suggestion

After getting the result of the analysis, the researcher wants to give suggestion to other researchers who interested in doing research about Implicature. Those can be seen below:

1   The researcher hopes, for the next researchers can analyzes of Conversational Implicature deeper, more samples, and deeper in techniques analysis to get the perfect results of study.

2   The researcher hopes that the results of this study can be a reference and motivated to the other researchers to deepen, sharpen a similar study of meaning of speech.
